Organizations in Boston and Across the Commonwealth of Massachusetts Working Together to Create a Year of Dynamic Programming to Honor the Semiquincentennial of the Boston Tea Party

BOSTON (December 16, 2022) – Today, Meet Boston, the 250th Anniversary of the Boston Tea Party Board of Advisors (BOA) and Revolution 250, a consortium of organizations working together to commemorate the 250th anniversaries of the events that led to the American Revolution, officially kick-off the 250th commemorative anniversary year of the Boston Tea Party, a momentous event that forever changed the course of American history.

The 250th Anniversary of the Boston Tea Party, the “single most important event leading up to the American Revolution”, will occur on Saturday, December 16, 2023. Boston will not only be the **FIRST** to mark the 250th anniversary of a landmark historic event in the United States’ journey to independence and the founding of a free nation, but also will be the epicenter, and on the world’s stage, in honoring the anniversary of the historic event that is the Boston Tea Party.

“The Boston Tea Party helped spark the Revolutionary War and is one of the earliest milestones on the path to our nation’s founding,” says Rosie Rios, Chair of the United States Semiquincentennial Commission. “It was a dramatic demonstration of the colonists’ willingness to fight for truths they knew to be self-evident -- that we all have the unalienable right to life, liberty, and the pursuit of happiness. As we approach the nation’s semiquincentennial -- the 250th commemoration of when our leaders firmly established those beliefs through the Declaration of Independence -- it is crucial that we recognize the vital role the Boston Tea Party played in shaping the America we know today.”

Boston will be in the spotlight in honoring this historic event officially launching a commemorative year of celebrations today and will be leading the way as America begins to celebrate all major historic 250th anniversaries leading up to 2026, the semiquincentennial of the signing of the Declaration of Independence and the founding of the United States of America.

According to Martha Sheridan, Executive Director, Meet Boston and 250th Boston Tea Party Anniversary BOA Co-Chair, "The 250th anniversary of the Boston Tea Party will be a spectacular commemorative event. It will have a profound impact on our industry and the greater Boston economy during a critical time of year. As our nation approaches its 250th birthday in 2026, it’s fitting that Boston should be in the global spotlight as we celebrate the catalytic events that led to American independence, starting with the singular significance of the Boston Tea Party."

A multitude of organizations across Boston and the Commonwealth of Massachusetts are working together to create a commemorative year of public engagement, dynamic programming, special exhibits, events, installations, and performances. The year will culminate in a grand-scale, live reenactment of the Boston Tea Party on December 16, 2023, slated to be one of the largest theatrical moving performances in the United States.

“The Greater Boston Chamber of Commerce and our members are enthusiastic partners and collaborators in the celebration of the Boston Tea Party’s 250th anniversary,” says James E. Rooney, President & CEO of the Greater Boston Chamber of Commerce and 250th Boston Tea Party Anniversary BOA Co-Chair. “Boston holds

momentous history that is pivotal in the country's journey to realizing freedom. This is a celebration for everyone in Greater Boston – and the country and world – as we commemorate the courage and grit that connects every community to this revolution that changed the course of history.”
